AUTO ACCIDENT PROVES FATAL

Harold Keefer Died in York City Hospital at 10:30 O'Clock.

AMPUTATION LAST RESORT

Doctors Lose Fight to Save Life of Little Boy Struck By Machine Here Last Week.

The operation to save the life of little Harold Keefer, who was struck by an automobile in Gettysburg last Thursday evening proved unsuccessful and he died in the York City hospital this morning at 10.30 o'clock, according to word received here forty five minutes later.

Charles Keefer, father of the twelve year old boy, was in the hospital at the time of his son's death, while the mother and two other children were in Gettysburg.

The death of the Keefer lad came five days and a half after the fatal accident during which he put up a game but vain struggle for his life. Due to his critical condition it was impossible for the attending physicians to operate until this morning at 8.30 o'clock when an effort was made to successfully amputate the left leg which was broken below the hip. As the biggest blood vessel in his leg was ruptured when the injury was sustained, stopping circulation, and causing gangrene to set in, the operation was an exceedingly dangerous one. It was necessary, however, to attempt it as a last resort to save the boy's life.

Beside the broken left leg young Keefer sustained four cuts in his head, a deep gash in his left leg below the knee, internal injuries and concussion of the brain when he was struck by an automobile on York street, below the High School building. Raymond Goodermuth and Norman Goodermuth, ten year old twin sons of Daniel Goodermuth, who were riding in the same wagon with young Keefer, escaped with bruises.

Harold Keefer is survived by his father and mother, three brothers, Cyrus Keefer, aged 20, of Table Rock; Herman Keefer, aged 18, of near Hunterstown; Arthur Keefer, aged 15, at home; and a sister, Mildred Keefer, aged 6, at home.

MRS. BUSHMAN BURIED

Four Fellow Workmen of Husband Were Pall Bearers.

The funeral of Mrs. Rufus H. Bushman, who died from heart trouble in the West Side Sanatorium, York, Sunday morning, was held from the West Middle street residence of her father, George McClellan, this afternoon at 1:30 o'clock.

Rev. Walker Woods, pastor of Lower Marsh Creek Presbyterian church, conducted the services while the pall bearers were John Brehm, Jacob Swisher, Peter McCallion, and Lester Frazer, of the Brehm tailoring establishment where Mr. Bushman is employed, Eugene Shriver and Earl Stallsmith.

Interment was made in Evergreen cemetery.

INVENTORY TIME

Taking inventory is now in progress in many stores and business places in the county. A number of merchants are holding pre-inventory sales and some will offer special inducements after the inventories are finished.

CIGAR FACTORY OPENS MONDAY

Third Major Industry Here Will Resume Operations at Full Capacity.

That the industrial slump as far as Gettysburg is concerned has passed is substantiated by the announcement of officials of the Seidenberg Branch of the American Cigar Company this morning which says the factory on Carlisle street will open Monday morning. By Wednesday, it is stated, the plant will be operating at full capacity.

There will be no reduction in wages, according to the officials, and there is every prospect for a long period of full-time work. Employment will be given to about eighty men and women.

When the plant closed more than a month ago about thirteen thousand cigars were being manufactured daily. It is the opinion of those in charge of the factory that the output will be increased to more than fifteen thousand daily within a short time.

Three of Gettysburg's major industries have been idle for several weeks, and the resumption of operations at the furniture factories, the silk mill and cigar factory will be hailed by the employes and business men of the town.

During the past week prospects for a dull winter in merchandising and business in general have been changed about with the demand for workers by the various employing firms and the optimistic view taken by commercial and financial experts as to indications for a general resumption in all lines of industrial activity.

Announcement has just been made here of the wedding of Miss Maude W. Rice, daughter of Rev. J. E. B. Rice, of near Seven Stars, to Philip A. Kraber, son of George B. Kraber, of York, on December 31 in the Little Church Around the Corner in New York City.

The newlyweds will be at home to their friends after January 17 at 48 Garden Place, Brooklyn, New York. Mr. Kraber is assistant manager of the New York branch of the Glidden Company.

The bridal party was attended by Miss Elizabeth Hauer and J. Stewart Heilman.

WED IN PARSONAGE

Miss Margaret L. Aughinbaugh Bride of Dewey A. Orner.

A quiet wedding was solemnized at the St. James Lutheran parsonage this morning at 8 o'clock when Miss Margaret L. Aughinbaugh, eldest daughter of John R. Aughinbaugh, of Gettysburg, was united in marriage to Dewey A. Orner, youngest son of Mr. and Mrs. Simon S. Orner, of Butler township, by Rev. J. B. Baker, pastor of the bride. The ring ceremony was used.

For the present Mr. and Mrs. Orner will make their home with the bride's father at 25 North Stratton street. Mr. Orner is employed at the warehouse of C. M. Wolf.

MOTORISTS WILL NOT PAY

Licenseless Waynesboro Autoists Are Up In Arms.

Waynesboro motorists who failed to receive 1921 license tags prior to January 1, are up in arms against the state highway authorities because of the delay, which deprived them of the use of their cars over the weekend. Many of them claim they made application and paid fees a week or more prior to January 1. Several car owners have taken the bit in their teeth and are running their cars. A couple of owners who were fined last Saturday and refused to pay on the ground that it was not their fault that the new tags were not on their cars.

TOWN LOCATED ON MAIN ROADWAYS

Map Shows How Town is in Line to Attract Tourists.

LEE HIGHWAY DEVELOPS

Gettysburg Situated on Two Great Transcontinental Highways. Southern Route Being Greatly Improved.

How Gettysburg is situated on the two great transcontinental highways of the United States is shown in the accompanying map of the Lee Highway, The Robert E. Lee Transcontinental Highway, The Pacific Coast and The Lincoln Highway. The routes constitute the grand circular tour of the United States. It is the purpose of these highway associations to advertise extensively these roadways with the hope of encouraging cross country touring next year. It will be noted that a circular route leading from Winchester through Hagerstown places Gettysburg on both the southern and northern highways.

Extensive improvements at enormous expense have been made to these thoroughfares during the year and a big program of work has been laid out for 1921. The Lee Highway from the south is a comparatively new enterprise, but it has been launched on a large scale with active organizations through the states below the Mason and Dixon line supporting the project.

While it is difficult to estimate the amount of additional travel the converging of these routes here will mean to Gettysburg in the years ahead, the prospects for the battlefield to become even a greater mecca for tourists are extremely bright.

Those who have studied the development of the automobile and the motor truck agree this form of recreation and transportation of manufactured products is still in its infancy. Many are convinced that the growth of the town will be in proportion to the increase in number and development of automobile-powered vehicles.

That the Lee Highway Association although young, is an active organization is shown in the statement just issued calling attention to the first annual convention of this association at Knoxville, Tennessee, January 18 to 20—the anniversary of the birthday of General Robert E. Lee.

Dr. S. M. Johnson, General Director of the Lee Highway, will report on the progress made during the first ten months of the life of the association, and addresses will be made by distinguished good roads advocates.

FLORIDA BREEZES

With Florida summer resort weather in vogue here for the past four days and weather dopesters continuing to send out the usual July forecasts of fair and warmer Gettysburg residents who long for southern breezes in winter may enjoy these balmy January days at home at a considerable saving.

This morning's thunder shower which was of the April type added to the impression given by the high temperature that spring was near. Local weather prophets issued the warning, however, that thunder in January foreshadows a long period of extremely cold weather.

STUDENTS RETURN FROM VACATION

Preparation For Mid-Year Examinations Will Now Occupy College Men.

Visions of past weeks spent in dining, dancing and all other pastimes pertaining to a real vacation faded into oblivion in the minds of nearly four hundred Gettysburg College students this afternoon when they commenced classes at the conclusion of their two weeks recess. Before them loomed other visions—those of the mid-year examinations which are the bane of existence to students who have failed to apply themselves properly to their studies and face "flunking" in February.

Accompanying the college men to Gettysburg all day Tuesday were the Academy and Theological Seminary students who also have started again to attend their sessions.

Not satisfied with having two weeks play some of the students asked "when does the Easter vacation begin?" even before they alighted from the train Tuesday. Between now and Easter recess beginning March twenty-fourth, however, are two months and a half continuous class work interspersed with the first semester examinations from January 24 to 29.

Following the mid year examinations will be the leading social event of the year, the Junior Promenade, while other diversion will be furnished frequently by Coach Doyle Leathers and his basketball squad which plays many important games at home this year.

ASKS FOR PROTECTION

Strong Appeal From Student To Stop Speeding.

A strong appeal for action that will stop speeding on the Lincoln Highway, especially for the protection of the school children, is contained in a communication written by a Gettysburg High School Junior, which says:

"Citizens of Gettysburg, give us protection. Don't let your children be killed or crippled by speeding motorists. The great traffic on the Lincoln Highway has become a serious menace to those in the Meade and High schools, especially since the road has been improved, tempting the driver to speed. Accidents caused by reckless driving near the schools have happened and will happen again unless you do something to prevent them. It is in your hands to settle this vital question which concerns you, parents, above all. Again, we say, protect us."

HOLD STOWAWAY MAYOR

O'Callaghan's Case to be Decided by Authorities.

(By Associated Press) Washington, Jan. 5.—Daniel O'Callaghan, Lord Mayor of Cork, who arrived at Newport News yesterday as a stowaway will be held until the immigration authorities are able to determine whether he is admissible, it was said today at the Department of Labor.

Should O'Callaghan be found admissible, officials said his case would be referred to the State Department to determine whether that department was willing to waive the absence of a passport under the circumstances surrounding the case. Mayor O'Callaghan's statement that he had been invited to testify before the commission appointed by the committee of 100, investigating Irish conditions, was confirmed today by the secretary of the commission.

START MAHAFFIE MEMORIAL PLAN

Association Will Be Formed to Endow an Athletic Scholarship.

FINAL ACTION NEXT JUNE

Class of 1916 Will Formulate Plans at 1921 Commencement to Perpetuate Memory of Popular Athlete.

What is expected to prove the main feature to induce members of the class of 1916 to attend the fifth anniversary of their graduation here next June is the prospect of formulating a Bill Mahaffie Memorial Association.

The movement to establish a suitable memorial to the memory of James Eugene Mahaffie, known universally as "Bill" among his college comrades, was the recent suggestion of Charles B. McCollough, former football leader and member of 1916 who is now connected with the White Star Refining Company in Detroit, Michigan. Others actively interested in the proposition are George Scheffer, employed by the Big Four railroad in Cincinnati; Martin H. Buehler, with the Bell Telephone Company at Baltimore; and S. A. Eneke, former roommate of Mahaffie who is now a teller in the Polish Trust Company in Natick, Mass.

Athletic Scholarship

These men, headed by Mr. McCollough, intend to bring the proposition before their class in Gettysburg next June and start the establishment of a fund which will be used no doubt to endow a scholarship. Owing to the activity of Mahaffie in athletics at college here it is felt that an athletic scholarship would be most appropriate. The exact amount of money to be raised has not been determined, of course, but will not be any less than \$3,000.

Class 1916 to Start

As the class of 1916 themselves would be unable to donate the entire amount of \$3,000 or over the committee has decided to allow any college student or alumnus or outside friend of Mr. Mahaffie to contribute to the memorial fund. C. William Troxell, of the Citizens Trust Company at Gettysburg, a former member of the class of 1918, has been appointed treasurer of the association.

If the Mahaffie memorial idea becomes a reality it will be the first fund established at Gettysburg in memory of a departed athlete. That it is most appropriate to commence such a movement in honor of a man of Mahaffie's popularity is shown by an article which will appear in The Challengier, a paper being gotten out by

SPOKE ON "CONTRARY WINDS"

Rev. Charles Baker Delivered Tuesday Night Sermon.

Rev. Charles Baker, pastor of the Lutheran church at Confluence, delivered the sermon at the Tuesday night meeting of Week of Prayer held in the Methodist-Episcopal church. During his sermon entitled "Contrary Winds," Rev. Mr. Baker said that every man sailed from the pier of birth over a smooth sea. Years after embarking on the voyage of life, the pastor said, every man met contrary winds and should then rely on faith as his compass and the Bible as his chart.

Dr. A. E. Wagner will preach tonight on "Appraisal of the Modern Church."

ANNUAL DANCE OF CATHOLIC CLUB

Sixty Five Couples at Fourth Mid-Winter Social in The Hall.

Xavier Hall was the scene of a very pretty affair Tuesday evening when the members of the Xavier Catholic Club entertained about sixty five couples at their fourth annual mid-winter social.

The hall was more elaborately decorated than any year previously and consisted of a large American flag, measuring eighteen by thirty feet, which formed a canopy in the center of the hall. This was held in place by streamers extending to the side walls which were banked with spruce and pine trees and evergreens.

Guests who were present from out of town were Misses Rose Keffer, Ruth Keffer, Olive Orndorff, Anna Staub, Corine Poist, Corine Neiderer, and Walter Keffer, of McSherrystown; Joseph Michaels, York; Misses Alice Dukehart, Irene Favoite and Margaret Favorite, Emmitsburg; Roy Hartdagen and Leo Dillman, Hagerstown; Misses Theresa Stavelly, Bernadine Stavelly, Grace Rickrode, Margaret Ulrich, Marie Will, Messrs. John Redding, Ivan Rickrode, and Francis Will, of Littlestown; Misses Elizabeth Lingg, Rebecca Miller, Marie Carbaugh, Ellen Miller, Carrie Smith, Lucy Brashers, Messrs. Timothy Lingg, Raphael Smith, Charles Haar, and Albert Weikert, of New Oxford.

Music for the dancing was furnished by Scharf's Melody Mixers.

The committee in charge of the dance was Arthur Cunningham, Joseph Hemler and Bernard Maguire.

PRELATE IMPROVING

Secretary Says Cardinal Spent Restful Night.

(By Associated Press) Baltimore, Jan. 5.—In reply to a cablegram of inquiry as to Cardinal Gibbons' condition from Secretary of State Coby, who is returning home from a special mission to South America, the Cardinal's secretary, the Rev. Albert Smith, sent the following this morning:

"Cardinal spent a restful night and improved this morning. The Cardinal congratulates you on results of your mission to South America."

Secretary Coby cabled from Montevideo under yesterday's date, saying he was alarmed about public reports of the Cardinal's illness and asked information. Father Smith told inquirers this morning that the Cardinal passed the best night since his illness began, that he was much improved this morning and that his condition was "very promising."

London, Jan. 5.—Members of a party that waylaid a detachment of troops at Meelin, Northwest county, Cork, Ireland, were killed by the soldiers attacked and the remainder of the ambushing party was captured with all their guns and ammunition, says a Dublin dispatch to the Exchange Telegraph Company today. None of the troops were injured.

This is the first time, it is declared, that an ambush on a large scale has been effectually beaten.

BOOZE RAID NETS \$250,000 WORTH

Biggest Seizure of Liquor in New York City Since Prohibition.

CHAMPAGNE AND WINES

Driver And Clerk Arrested. Firm of Singer Brothers Said to Hold Permit For Transportation.

(By Associated Press)

New York, Jan. 5.—The biggest liquor raid since the Volstead act went into effect was made here today when \$250,000 worth was seized by Federal agents at the wholesale establishment of Singer Brothers on Lower Third avenue. Scores of cases of highest quality of champagne and imported wines with hundreds of cases of bonded whiskey constituted the seizure. Joseph Walsh, a driver, and Moe Herman, a clerk, employed by Singer Brothers were arrested, the first charged with violation of the transportation provision of the Volstead act and Herman was taken in connection with the alleged changes in office records of liquor received. No charges were made against members of the firm of Singer Brothers which had a permit to transport liquor, according to the enforcement agents.

Raid Whiskey Still

Baltimore Jan. 5.—In a whiskey raid headed by Thomas E. Stone, prohibition enforcement director for the Maryland, Ohio and West Virginia district, in the eastern suburbs of Baltimore today three men and a boy were arrested and 71 cases of whiskey were seized. Four men escaped in an automobile with a number of cases of liquor after an exciting chase through the city streets in which pistol shots were exchanged. No one was hit.

The raid was made on the home of Peter Mosse where two fake corn shocks were found to be storage places for whiskey while a hay stack concealed a still. Each was provided with peep holes and several loaded rifles and pistols were found in them.

THRILLING IS THEIR STORY

Account of Ballonists' Long Flight Being Pieced Together.

(By Associated Press)

Hearst, Ontario, Jan. 5.—The aerial drama of the three American naval balloonists musing down from Hudson bay territory after a marvelous escape from death is being pieced together here today from the tales of Indian trappers snow shoeing into the outposts of civilization. From the stories of these Indians and a letter from a minister at Moose has been obtained a skeleton account of how these intrepid airman stared into the face of death a few hours after their start at Rockaway, Long Island, December 13 until they staggered into the little Hudson bay post five days later.

Five days of terror. Swept along at the will of the wind at times almost skimming the surface of the earth but forced to rise again, cold and hungry, finally dropping to earth after striking a clump of trees. Then the long tramp through a wolf inhabited wilderness for four days before reaching safety.

TO BE NO TROUBLE REGARDING CUBA

Minister Assured This Country
Will Not Intervene in Their
Affairs.

SOLVE CUBAN PROBLEMS

Céspedes Objects, Saying His Govern-
ment's Attitude on Election Super-
vision is Unchanged.

Washington, Jan. 5.—Assurances
that the United States is not con-
templating military intervention in Cuba
were given Tuesday to the Cuban min-
ister by Acting Secretary Davis, it
was said at the State Department.

The minister, Dr. Carlos Manuel de
Céspedes, was said to have entered no
protest from his government against
the sending of Major General Crowder
to Cuba to confer with President
Menocal relative to the general situa-
tion in the island republic. The min-
ister after his call, however, expressed
some slight objection to the action of
the American government, declaring
that neither his attitude nor that of
his government as set forth in a re-
cent statement by him had been altered.
In that statement the minister
had asserted there were no grounds
for the supervision of elections.

To Work Out Solution

Secretary Davis discussed with
President Wilson the Cuban situation
and the mission of General Crowder
just before the minister called at the
department. The Secretary told Dr.
Céspedes there was little he could add
to the President's statement relative
to the work General Crowder is ex-
pected to accomplish in Cuba, adding
that he had confidence in the ability
of the Cuban authorities and General
Crowder to work out a satisfactory so-
lution of the present political and fi-
nancial difficulties.

Minister Céspedes made it clear that
his main purpose in calling on Sec-
retary Davis was to obtain more in-
formation regarding the sending of an
American to Cuba on a mission of the
nature of General Crowder's, but it is
understood that in his discussion of
the matter with Mr. Davis he did not
attempt to conceal his apprehension
that the action would be construed as
a step preliminary to intervention. He
was assured that neither intervention
nor the supervision of election was
contemplated, but it was made plain
to him that the United States considered
the economic, political and financial
situations had reached the point in
Cuba where the United States regard-
ed the whole situation as one warrant-
ing the friendly offer of assistance.

Would Be Embarrassing

President Menocal's term of office
expires May 20. There appears now a
probability that unless special steps
are taken the official selection of his
successor will not be determined by
that time, and it was asserted in that
event a situation would be created
that would prove exceedingly embar-
rassing for both governments. The
congestion of freight on the docks of
Havana, the extension of the mora-
torium and the demand for money
with which to finance the sugar crop
have resulted, it was explained here
Tuesday, in making the Cuban situa-
tion one of unusual interest for Amer-
ican business concerns.

county court this week suspended

MAYOR OF CORK IS A STOWAWAY

He With Brother of Late Mayor
Arrives at Newport
News.

Newport News, Va., Jan. 5.—Peter
J. MacSwiney, of New York, brother
of the late Terrance MacSwiney,
Lord Mayor of Cork, and Daniel
O'Callaghan, present Lord Mayor of
Cork, arrived in this port last night as
stowaways on the American steamer
West Cannon from Cork.

Immediately upon arrival of the
West Cannon, immigration authori-
ties discovered the two men on board,
and disregarding the claims of their
identity had them placed in jail pend-
ing investigation.

Under Guard At Hotel

MacSwiney carried a passport,
vised by an American consul and
could have made the trip openly, but
chose rather to stow away with Lord
Mayor O'Callaghan. Upon showing
his passport, MacSwiney was re-
leased and the Lord Mayor was freed
as soon as authorities arrived.

The Lord Mayor took up his re-
sidence for the time at a hotel, refus-
ing to discuss any details of his visit.
According to MacSwiney, however,
O'Callaghan is in this country on the
invitation of the Committee of One
Hundred at Washington investigat-
ing the Irish situation. O'Callaghan
is under guard furnished by immi-
gration officials.

Could Not Come Openly

"The British would not allow the
Lord Mayor to visit America and he
stowed away on the steamer," Mac-
Swiney stated. "I could have come
back as a passenger, but preferred to
make the trip with him as I now
prefer to remain at his side while he
is being detained."

LICENSES FOR HUNTERS GREATER

Approximately 425,000 Issued
During Season of 1920
in State.

Approximately 425,000 hunters'
licenses were issued during the 1920
season, in opinion of Seth E. Gordon,
secretary of the State Game Com-
mission, who says it may be exceeded
when all of the county treasurers file
their reports. This number is almost
25,000 ahead of the total for the pre-
vious year.

Letters coming to the office of the
Commission indicate a growth of sen-
timent in favor of fixing the month of
November for the small game season,
leaving the month of December for
the deer and large game. It is prob-
able a bill making this change in the
game code may make its appearance.

Final figures on the game kill in
Pennsylvania may be delayed owing
to the tardiness of sportsmen in mak-
ing returns on their kills. The hun-
ters' license regulations ask this in-
formation, but many of the game pro-
tectors have not been able to get the
information desired. It is hoped to
have some figures by the time the
Commission meets Tuesday.

STOLE PASTOR'S CIGARETTES

Fashionable Church Visited By Clever
Crook.

Chicago, Jan. 5.—Parishioners of
the Episcopal Church at Winnetka,
a fashionable North Shore suburb,
are mystified as to the identity of
the elderly gentleman who occupied
a front pew Sunday morning after
he had visited the choir room and
secured all the valuables from the
overcoats of the choir members.

Missing articles included the pas-
tor's monogrammed silver cigarette
case, a derby hat, and sums in cash
ranging from caffeine to \$10.
The thief was first espied by Mrs.
Archibald Shaw, the choir mother,
who saw him in the choir cloak-room.
He explained that he was attending
the services and lost his way. Later
he was noticed among the congrega-
tion.

As the man left the church an
usher shook hands with him and
asked him to return. He promised
to do so.

SUES FOR RADICAL'S DEATH

Damage Claim Against Palmer For
Salsedo's Suicide.

(By Associated Press)

New York, Jan. 5.—The Italian
chamber of labor announced today
that \$100,000 damage suit had been
filed here in the state supreme court
against Attorney General Palmer and
four other officials of Department of
Justice in connection with the death of
Andrea Salsedo who jumped fourteen
stories to his death last May while un-
der detention at Department head-
quarters here in connection with the
bomb outrages of June, 1919.

The suit, brought by Salsedo's wi-
dow, named also William J. Flynn,
chief of the department's bureau of
investigation. It was charged Salse-
do had been beaten "terribly" and
"tortured mentally and physically,"
that he had lost his mind and become
suicidally despondent.

UNEARTH SCHEME TO AID CROOKS

Investigation Shows Large Com-
panies in New York Bailed
Criminals.

PAID BONUSES FOR BONDS

Vice President Surprised That Com-
pany Assisted Pick Pockets And
Hold Up Men.

New York, January 5.—Payments of
commissions, bonuses, premiums and
other transactions practiced by sure-
ty and casualty companies in provid-
ing bail bonds for persons accused of
crime, were described in testimony
given at a "John Doe" investigation
begun here Tuesday before Magis-
trate George W. Simpson, sitting in
Special Sessions. The inquiry, an
outgrowth of New York's "crime
wave" is being conducted by William
A. McQuaid, George A. Lavelle and
Ferdinand Pecora, assistant district
attorneys.

Louis Topper, a special agent of
the New Amsterdam Casualty Com-
pany, testified he had power of at-
torney with the company which gave
him authority to write bonds without
limitation. While the commission for
the writing of the bond usually is 2
per cent, he said, in some instances a
bonus sometimes as high as 5 per
cent is charged, "when we think
something might happen to the bond."

Received Large Premiums

Topper testified that, to his knowl-
edge, no officer of the New Amster-
dam Casualty Company knew of the
bonus arrangement and that the out-
side men fixed the bonuses them-
selves. He stated that he and his
sub-agent had issued bail bonds ag-
gregating \$370,000, to persons charg-
ed with a burglary.

On a \$5,000 bond, he explained, the
company charged \$100 commission, of
which he would receive \$15. In the
past year, he testified, he had received
seven or eight thousand dollars in
premiums from the company and that
his guarantor, Dr. Jacob Wachman,
his family physician, had received a
similar amount.

Vice President Surprised

Topper testified that on many oc-
casions articles of jewelry had been
placed as collateral for bail bonds,
but that he always had satisfied
himself that none of this collateral
represented loot.

Thomas L. Purdum, vice-president
of the company, testified that he had
instructed Topper a month ago not to
accept any bail bonds for pickpockets,
holdup men or second offenders. He
seemed greatly surprised when As-
sistant District Attorney McQuaid
cited more than a half dozen cases of
burglary and theft since December 1
in which bail bonds had been obtained
from his company.

HEARINGS ON BILLS

Soldier Bonus Among Those Listed
For Discussion.

Washington, Dec. 5.—Hearings on
the House Emergency Tariff bill were
decided upon Tuesday by the Senate
Finance Committee. They will begin
Thursday and end next Tuesday.

The committee also agreed to re-
open hearings on the soldier bonus
bill on January 13.

Chairman Penrose, presiding for the
first time in thirteen months, explain-
ed that his office had received many
requests for further opportunity to
discuss both the tariff measure and
the soldier aid bill and did not oppose
the hearings. Members of the com-
mittee said however, that he had
made it clear that he was opposed to
affirmative action by the Senate on
the tariff measure.

HAD ROVING DISPOSITION

Greensburg, Pa., Jan. 5.—Hilary
Fox, of Derry township, is in the
county jail charged by his wife with
non-support. His married life now
totals six months and it is charged
that in this short time he moved 36
times.

His wife at the hearing stated that
they moved three times one week.
They lived at Atlantic, Latrobe, Su-
perior, Loyalhanna, Pleasant Unity,
Indiana, Johnstown and other smaller
hamlets. The wife became tired of
following her husband and halted his
migrations by having him arrested.

KISSES WIDOW OF MAN HE KILLED

Much Fainting • Excitement in
Murder Trial of Elwood
B. Wade.

Bridgeport, Ct., Jan. 5.—A demand
for a ruling by the court on the ad-
mission of a signed confession alleged
to have been made to the police by
Elwood B. Wade, on trial for the
murder of George B. Nott, in this
city, brought Tuesday's session of the
court to a close after six hours of
testimony and three fainting spells by
the wife of the defendant and the
widow of the murder victim had
given the hundreds of spectators
their fill of excitement.

Mrs. Nott, under indictment with
Wade for the murder of her husband
but not yet on trial, made her first
appearance in the courtroom Tuesday.
She was dressed fashionably in deep
mourning. Her face was livid. Dur-
ing the description by physician wit-
nesses of the three gunshot wounds,
several skull fractures and 19 knife
wounds found in the autopsy Mrs.
Nott suddenly slid from her chair to
the floor in a faint, and had to be
carried to the sheriff's room to re-
cover.

The second shock came late in the
afternoon when Wade in passing her
to leave the courtroom during a re-
cess, suddenly leaned over and kissed
Mrs. Nott in plain sight of his own
wife who was sitting only a few feet
away. Mrs. Nott screamed and
swooned under the kiss and was car-
ried out for the second time. The de-
fendant's young wife also fainted.
The courtroom became a bedlam and
order was restored with difficulty.

REFUGEES LIVE LIKE ANIMALS

Greeks Dying at Rate of 35 to 50
a Day, Writes Relief
Worker.

New York, Jan. 5.—Six thousand
Greek refugees, at Batum Trans-Cau-
casia, their clothing worn to shreds,
are "living like wild animals in dens"
and dying at the rate of from 35 to
50 a day, writes Dr. W. E. Rambo, a
Near East Relief worker, of West
Philadelphia, Pa., in a report from
the Black Sea port received here.

In what he calls "a tragic exodus
that bids to become historic," Dr.
Rambo says the Greek government al-
ready has repatriated 20,000 who emi-
grated from the near east to colonize
Thrace and that from 10,000 to 12,000
remain to be transported from Batum
back to their homeland. Most of
these, he says, are physically strong
but 6,000 refugees from other regions
who flocked to Batum in the expecta-
tion of relief have been in that city
five months, waiting in vain for help,
their condition daily becoming more
desperate on account of the rigors of
the present Georgian winter.

CALLS IT DOPE CENTER

Philadelphia, Jan. 5.—This city
and New York were pointed out by
Dr. Wilbur Crafts, secretary of the
International Reform Bureau, and
one of the principal figures in the
present Sabbatarian movement, as
the centers of the drug traffic in this
country, in a letter read at the
weekly meeting of the Presbyterian
meeting held in Westminster Hall.

The traffic in these cities was
characterized as having assumed the
proportions of a menace that threat-
ened many lives and promised to
thrust many derelicts on the commu-
nity.

TRAPS HUBBY

Vineland, N. J., Jan. 5.—While
Morris Greenblatt and Salve D'Ip-
polito were passing a house on Cherry
street they saw a white-robed woman
on a porch roof, waving a pair of shoes
to attract attention.

Investigation showed that the hus-
band had come home a bit wobbly and
while trying to climb in a second-story
window the wife had shut the ash
down and fastening it, had "the old
man fast."

Summer Apparel.

Chicago, Jan. 5.—The market for
men's spring and summer clothing was
opened in Chicago Tuesday, and man-
ufacturers offered suits much below
those of the spring of 1920. One of
the leading factors in the ready-made

Fine blue serge suits are offered at

Martinsburg Publication Forced By
High Prices To Suspend.

With the closing of the plant of the

PROTEST CARICATURES

Methodists Do Not Want Ministry Made Fun Of.

Washington, Jan. 5.—The Public Morals Board of the Methodist Episcopal church announced Tuesday that it would inaugurate a campaign to "stop the contemptuous treatment of the Protestant ministry by some cartoonists, writers and doctors."

"On the stage and in motion pictures," the board's announcement said, "the Protestant minister is seldom represented except as an effeminate fool. The members of the Protestant churches are exhorted to be liberal to take humor as humor and be slow to wrath. But the members of the Roman Catholic church do not tolerate such treatment of their priesthood which is always represented on the stage and elsewhere in a most favorable way and whose religion is treated with consideration. The Catholics are to be commended. The time has come also when Protestants should not tolerate any other than courteous treatment of their religion and ministry."

The board added that the matter was being called to the attention of ministers of all denominations and their congregations with a request that "any violations of ordinary courtesy" be reported to the board, which would make them public.

scenic and historical grounds of the old South, the Lee Highway is the Southern link of the transcontinental cycle formed in conjunction with the Lincoln Highway. When the roadway is completed, it is said, the motor truck will open the gates of agriculture and industry to hitherto barren regions locked behind the impassable barriers of mountains and muddy roads, and Ship by Truck in the South will bear a new significance.

As shown on the map above the highway cuts through the principal Eastern seaboard cities and pauses at many of the historic places where Lee's heroism stamped itself indelibly upon the Southern mind. Along the route of the highway a zone 300 miles wide, now inadequately served by any other means of transportation, will be opened to motorists and motor traffic.

In Virginia, where the activities of the association have been centered during the last few months, more than \$700,000 are ready to be expended. It is believed the entire New York to New Orleans lap will be completed within two years.

Stored Foods

At certain seasons of the year, nature mothers us in generous lavishness; at other seasons she treats us as outcasts.

One great service rendered by Swift & Company to the consumer is in taking some of the surplus of nature's plenty and storing it against the season of non-production. This is a service based upon sound common sense and meets a definite economic need.

This enables you to obtain all the year-round some foods which otherwise would be so abundant in certain months that the entire supply could not be used, and so scarce at other times that prices would be prohibitive.

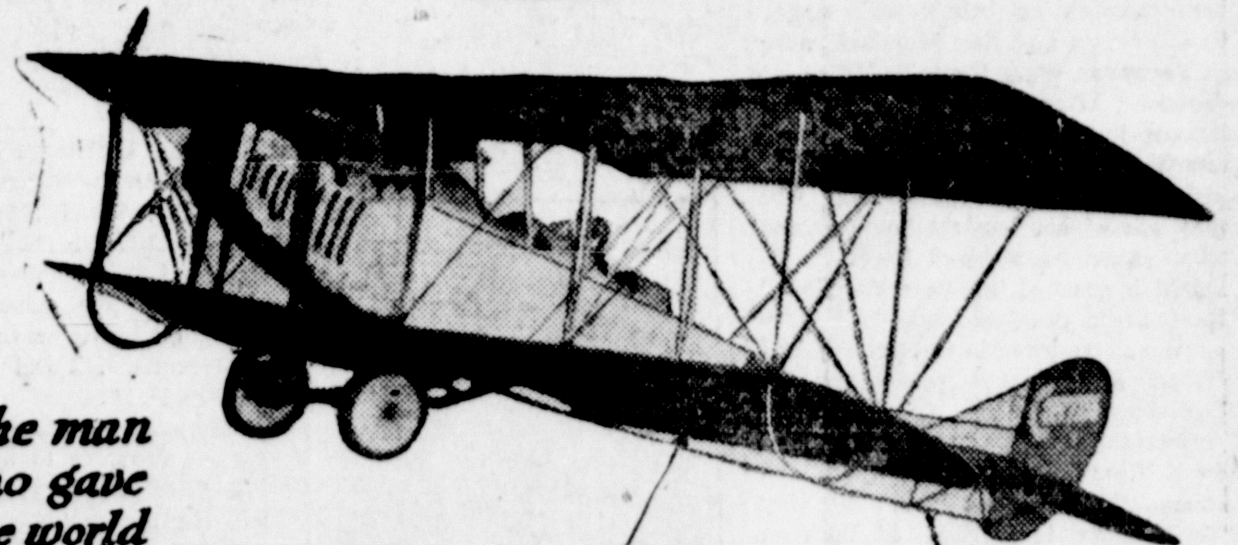

Swift & Company has equipped its plants and branch houses with refrigerating plants, and has a sufficient number of refrigerator cars to carry a supply of meat foods to its customers. Space in public cold storage warehouses also is used by us to carry perishables until they are needed.

We store only enough meat, butter, poultry, eggs, and cheese to supply our customers during the period of scarcity and not to speculate on rising prices. Our storage profits during the last eight years have averaged about one cent a dozen on eggs, and less than a cent a pound on butter and poultry.

Storage of food is a world necessity and we regard our part in this as an important factor in our service in supplying the nation with wholesome food.

KID WILLIAMS PLANS DRIVE

Hopes to Regain Lost Title From New Bantam King.

A quick, sharp drive with the world's bantamweight championship as its objective is planned by Kid Williams, onetime king of the class. The Tiger, from whom Pete Herman snared the laurels he recently allowed to slip from his grasp into that of Joe Lynch, will wage a strenuous campaign from now until spring. When the bluebirds again flutter northward he hopes to have established in the minds of the fans that he stands head and shoulders above those attempting to battle their way to the bantam peak. Then Williams will do everything possible to have Tex Rickard, who seems to be nabbing all the titular quarrels, put him on with Joe Lynch, the new monarch, in a 15-round championship title in Madison Square Garden.

Williams was punched into helplessness by this same Lynch a couple seasons back, but it is still in his head that he can whip the New York Irishman. Twice before he was technically knocked out by the Gothamite in a Philadelphia ring, the Baltimorean had rather handily licked him in no-decision conflicts in the metropolis. And in the affair in Quakerville, the result of which startled pugdom, Williams chased the now champion from post to post in the first two periods. In the third Lynch suddenly stopped straight in his tracks and let go a mighty straight right, which cracked the Kid on the point of the chin. This blow practically ended the bout, though it wasn't until in the midst of the fourth session that Dave Wartnik, then Williams' manager stepped into the arena and led the Tiger, whose eyes were befogged and brain befuddled, back to his corner, accepting defeat. It was a humane act, as Williams, helpless before an awful bombardment of rights and lefts at the time, would have surely been knocked into insensibility.

MANY ACTORS IDLE

New York, Jan. 5.—Five thousand actors and actresses are unemployed in this city and many others are stranded at distant points, victims of widespread failure of road companies during the past year.

The greater proportion of road failures, the Actors' Equity Association announced, was due to irresponsible managers who entered the profession during the war, when the financing of theatrical projects was comparatively easy.

From September, 1919, to the end of 1920 more than 30 companies failed on the road, the statement said.

INVENTORYING

The winter months give the farmer an opportunity to take stock of his last year's successes and failures, and to turn them to good account in laying plans for the coming season.

Facts in this way brought to light may mean the dropping of a crop proved to be raised at a loss, or eliminating livestock that have been living as "boarders" on his bounty.

The Old First National is glad to help such farmers in their business.

INVENTORY SALE ---Prices are Extraordinarily Low and Embrace Deep Price Cuts in all Departments

All Months are nearly Alike for Earning Money;
But January is the Best Month to Spend it!

Most people count their prosperity by the amount of money that they earn, but, when you think of it, you will agree that the only real way to measure your income is by THE PLEASURES AND COMFORTS OF LIFE THAT YOU GET FOR IT.

After all, it is THE WAY YOU SPEND YOUR MONEY THAT COUNTS. Many a clever wife not only keeps house and raises the family; but also EARNs A THIRD AS MUCH AS HER HUSBAND by the wise way in which she spends his money.

That is why January is such an important month to many men and women. It is the best time of the whole year to get BIGGEST MONEY'S WORTH.

And, of all the years that we have been in business, there has never been a time when it paid so well to buy goods in January as it pays this year, in this Inventory sale.

We cannot tell the story on this page; but much is to be learned when you come to the store, and there will be news too good to miss, every day this month. Come as often as you can; for it will be well worth while.

TODAY
"ONE NIGHT ONLY"

Harry Carey

in his newest and biggest red-blood outdoor drama made from the story by Eugene Manlove Rhodes.

"WEST IS WEST"

He smiled at Fate's rebuff when he'd staked all he had on a Fall-house and the other guy had four aces. But when he got a job in a mine, he bamboozled poor old Fate to a standstill, and won the heart of a girl who once tried to tip him. That's human HARRY CAREY in "WEST IS WEST"—he's great! See this thriller, in which many of the scenes were taken 2000 feet below the earth in the great United Verde copper mines—in which the entire population of Jerome, Arizona, acted as "extras."

"WEST IS WEST" is the real stuff in photodramas—and a peach of a love story. NOW PLAYING.

Do Your Clothes Do You Justice?

It is a man's duty to secure the highest regard and respect from those with whom he associates.

Our suits have that air of dignity and quality which adds prestige and force to man's personality.

You will find one of these suits a faithful friend. The values we are giving, which are very unusual, will make friends for us.

Tonight your last chance to see
Gouverneur Morris' famous story

"The Penalty"

Featuring Lon Chaney

An actor will cheerfully cut off his beard or shave his head, if it's needed in his role. They asked Lon Chaney, who has the part of "Blizzard" in "The Penalty", the picturization of Gouverneur Morris' startling story, to get rid of his legs!

He did it. He is legless in the picture, stumping around with the agility of a permanent cripple. Perhaps the physical suffering involved helps him in effecting the demoniacal scowls that are necessary to his part, for he is as thorough-going a human fiend as can be found in fact or fiction. In order effectually to disguise his lower body, completely hiding his legs from the knees, it was necessary for him to have his legs strapped back, so that he walked on his knee pads. So severe was the strain that he could endure the torture of the vice—like harness not more than twelve minutes at a time. He had to get his legs out, restore circulation, and submit to more suffering time after time.

It is a tribute to his wonderful ability that so difficult a role could be so convincingly carried out.

"The Perfect Woman"

The story is built around a young girl who is madly in love with a woman hater. The girl practically throws herself at him, without as much as a how-do-you-do by way of recognition. Now, every one skilled at the art of romance knows that the law of resourceful vampires is "indifference"—an inviting personality with just a touch of frigidity.

THE UNIVERSAL CAR

Dec. 29, 1920

Peckman & Ott.
Gettysburg, Pa.

Several inquiries have recently come to us concerning the likelihood of another reduction in the price of our cars, and as these inquiries no doubt emanate from prospective purchasers, we want to state again with greater emphasis that Ford cars are already being sold at a figure actually below cost and for an indefinite period another reduction or change in design is entirely out of the question and not at all contemplated.

We believe the public will be fair enough to fully appreciate the frankness of the above when they consider the extent of our recent price cut which was in fact the equivalent of several reductions in one, in our desire to contribute toward satisfying their demands for lower living costs notwithstanding our sacrifice in marketing our cars at a loss until we are able to materially reduce present costs through lower material prices and greater manufacturing efficiency. While we have of course made some progress in bringing down operating costs, we still have a long way to go before any thought can be given to further reductions in present car prices, so we have no hesitancy in making these open statements to acquaint you with the true situation.

You can therefore give assurance to prospective purchasers of Ford cars that now is their real opportunity to buy below cost and obtain delivery. Everyone is familiar with the heavy demand for Ford cars in the Spring and this year will be no exception, as in spite of conditions, business is already rapidly accumulating, so that many who desire Ford cars will be obliged to wait perhaps until mid-summer for delivery causing considerable inconvenience and possibly financial loss, particularly to commercial customers.

We expect you to protect the interests of prospective buyers in your community by placing these facts before them.

Yours very truly,
FORD MOTOR COMPANY.
W. A. Ryan, Manager of Sales

GO LOOK IN THE MIRROR

Do Your Eyes Look Back at You Dull and Drooping? Is Your Complexion Bad?

You Need Pepto-Mangan

A Really Wonderful Blood Tonic That Puts You Back on a Healthy Basis.

Your face will tell you how your health is. Muddy complexions and drawn, pale, haggard faces usually mean bad blood clogged with poison. It is dangerous. Your powers of resistance are low. Disease germs would have an easy time of it.

When you work too hard, you get fatigued. You probably keep it up for days, perhaps months, without feeling any bad effects. Sooner or later it tells in your blood. You are not yourself.

It is then your blood needs the help of that great tonic, Pepto-Mangan. It is a wonderful remedy that physicians have recommended for thirty years.

But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package. You can buy it in liquid form or in tablets, whichever you prefer; one has the same ingredients as the other and gives the same effect.

GO TO THE RESCUE

Don't Wait 'till It's Too Late—Follow the Example of a Gettysburg Citizen.

Rescue the aching back. If it keeps on aching, trouble may come.

Often it indicates kidney weakness. If you neglect the kidneys' warning.

Look out for urinary disorders.

This Gettysburg citizen will show you how to go to the rescue. Mrs. M. J. Hamilton, 9 Steinwehr Ave., says: "Backache gave me much misery and frequently I had dizzy spells and headaches. My kidneys acted irregularly, which made me weak. I bought Doan's Kidney Pills at the People's Drug Store and they gave me excellent benefit. I am always pleased to speak highly of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hamilton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
